These top level administrators are responsible for the day-to-day operations, the fundraising, the public relations and the long-term planning of their non-profit health and medical organizations. They also administer a staff and facilities with many of the same challenges as business administrators. These individuals get more out of each operating dollar than the equivalent for-profit entity. They are experts in accomplishing more with less, and using volunteers to reduce overhead.

Reach Fundraisers for offers on Seminars, Subscriptions, Books, Recruitment and any other Fundraiser related offer.

The Fundraisers for Large Medical & Health Organizations list is NCOA'd Quarterly.
