

Appraisers

Count: 11,898

71% Male 24% Female 59% Zip + 4 94% Phones

This newly updated list features Appraisers. An appraiser identifies and provides a value for various types of property. Appraisers fall under several categories of appraisal types such as personal property, real property, machinery and technical specialties, appraisal review and management, gems and jewelry and business valuation. They inspect property for construction, condition, and functional design, and consider factors such as depreciation, reproduction costs and income potential.

They are excellent prospects for industry-related offers.
